

DATE and TIME

- These runs test Time Zone preferences. Each run tests 1 Time Zone.
- Our program must be able to handle at least 3 time zones: PST, CST, and EST.
 - EST = CST + 1 hour = PST + 3 hours
 - The default time zone is PST.
 - The output timestamps are real-time/live.
- Your program's output must be identical except for the value of the timestamps, the student name, and the student email address. Please use your name and your email address.
- This document is in black and white for easy note-taking. The final output you submit must show colors, same as required in Sample Output 05.
- Please bring your questions to class.
