- **Assignment Number:** 05
- **Assignment Due Date & Time:** 04-22-2022 at 11:55 PM

## PartB

- **Question:** Output
- **Answer/Summary/Discussion:**

The screenshot shows an IDE with two windows. The top window, titled 'AMST05.java', contains the following Java code:

```
1 import com.google.common.collect.ArrayListMultimap;
2 import com.google.common.collect.ListMultimap;
3
4 import java.util.Map;
5 import java.util.Vector;
6 import java.util.Scanner;
7
8 public class AMST05 {
9     public static void main(String[] args)
10    {
```

The bottom window, titled 'AMST05 -', shows the output of the program. It displays a dictionary interface powered by Google Guava. The output is as follows:

```
E:\Users\jwunw\.jdk\openjdk-10\bin\java.exe . . .
